

**FIELD OF USE**

Insulated tool for live working.  
In accordance with **IEC 60900** standard.

Operating voltage range : **1000 V AC - 1500 V DC.** ⚠

**CHARACTERISTICS**

- Alloy of steel with high mechanical properties.
- Insulation by deeping technology.
- Cutting capacity: Al/Copper Ø 15 mm max.
- Length : 170 mm.
- Weight : 285 g.
