

PVC-Coated Conduit and Accessories

Corrosion-protected connections for conduit sections.

Ocal-Blue® Couplings

- Nominal .002" (2 mil) blue urethane coating on interior and threads
- Minimum .040" (40 mil) PVC coating bonded to exterior — in your choice of blue, white, gray or custom colors
- Straight threads (NPS)
- Molded ribs on outer coating for easy installation (up to and including 4" trade size)
- Pressure-sealing sleeves protect your connection

| CAT. NO. | | COUPLING SIZE IN. METRIC SIZE DESIGNATOR* | MIN. LENGTH OF METAL IN. MM | TOTAL MIN. LENGTH INCLUDING SLEEVE IN. MM | WEIGHT STEEL ONLY LBS. KG |
|-----------|-------------|---|-----------------------------------|---|---------------------------------|
